פִּתּוּחַ מְיֻמָּנוּיוֹת

**From syllables to words**

Toddlers sometimes pronounce parts of words (such as “tul” instead of “chatul”). You can repeat sentences from the story and add syllables together to make words. Later you can choose more animals and practice their name gradually, for example, “Pa, Pa, Pa – Parah!”

שֵׂמַע

**Listen to the song**

You can listen to a musical version of the song, created by Yochi and Asaf Lavie. You can play the song, dance together, and join in with the familiar lyrics and lively vocals.

מִשְׂחָק

**Who ate and who drank?**

Place some real food and drink or game items on the table. Invite the toddlers to choose a different item each time that will “disappear” from the table and say together, for example: “Who ate the carrots? Mom ate the carrots!”
