שמע

Listen to the song

Join Arik Einstein in the beloved song “She Will Come”, written by Yaakov Rotblit and composed by Miki Gavrielov.

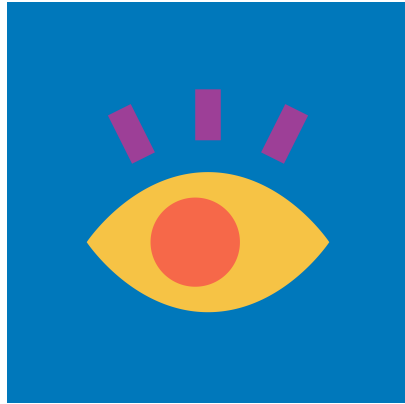

המתזה

What kind of animal am I?

Choose an animal from the story and try to imitate it in a pantomime. The other family members will try to guess which animal you are. You can look for food through your

nose like an ant bear, jump and take care of small rabbits, fly like a pigeon and more.

יצירה

A dove that brings hope

You can draw a pigeon on paper or on a bristol, using the sketch of the palm. The thumb will be the head, the pinky will be the tail, and the feathers in the middle can be colored. You can hang your pigeon in the room, and whenever there is a fear of a new experience – look at it and be encouraged.

יצירה

Our Ark

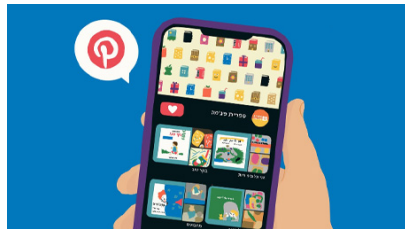

You can make your own box out of a shoe box, cardboard box, Lego partitions or any other material. Put toy animals or small dolls in the box. You can dramatize the story and invent more characters – what concerns do your characters have? Which one chooses to go out the window and why?
