Handmade Musical Instruments

Like Dudu, try to create your own musical instrument using household objects. You can make a guitar out of a box and rubber bands, a flute from a paper roll, or a new musical instrument that you invent together.

Family Soundtrack

Family members, including grandparents, are invited to choose a song that is dear to

their hearts and introduce it to others. Together you will create your own family soundtrack.

With Small Steps to the Dream

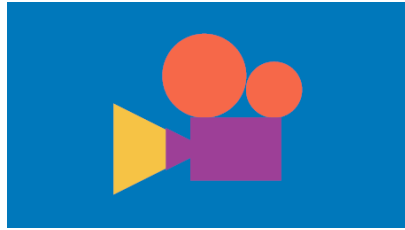

Inspired by his uncle, each family member is invited to choose something they want to learn or improve at. Prepare a family tracksheet together to mark progress and training – and support each other on the way to making your dream come true.
