שיחה

A discussion on waiting

Have you ever had to wait for something? Perhaps you could share that experience, and tell each other about anticipation. You could also come up with ideas together of what you could do while waiting, or tell each other what you chose to do in those instances while you waited. What happened in the end?

An illustrator at work

How do you illustrate a bunny? Or a wolf? Scan the QR code and watch illustrator Ronan Badel illustrating the characters in this book.

משחק

Illustrations and clues

Look at the final illustrations in this book. Can you find any indications for the birthday party the wolf had almost missed? And which presents did the bunny get? And what was special about the wolf's gift?

משחק

A game of "Wolf in motion"

Leaf through this book and decide the order of play. Take turns looking at the illustration you have each selected and acting out the depicted wolf's motion: Is it going up in the elevator? Or walking on all fours? The other players will have to guess what the wolf is doing.
