Continue activities following the story – Shabbat in the Forest

By: אורית רז
Illustrations: שחר קובר
Publisher: מודן
Age Group: **Daycare (2-3)**

קְרִיאָה

Reading Together

You can encourage the toddlers to actively join in reading the story. They can complete rhyming words, accompany the conversation between the animals with facial expressions and proper hand gestures, and make the sounds of the animals appearing in the story.

שִׂיחָה

Towards welcoming Shabbat

You can ask the toddlers: What do you like to do on Shabbat? If the family has special preparations for Shabbat, it is worthwhile to tell and share them with the toddler

חֵקֶר

Where Are The Animals?

The book features a bee, a turtle, an ant, a chicken, a cow and a rabbit. Ask the toddlers to identify the various animals in the illustrations in the book and accompany each animal with its unique voice or add other characteristic detail: the bee hums, the rabbit bounces, the turtle crawls slowly, and the cow is mooing.

הַמְחָשָׁה

And Now - A Turtle!

How to make a turtle with the palm of your hand? Close the palm to a fist and hide the thumb inside. Call the turtle out, take out the thumb and wave it hello. You can create a bunch of turtles with all the palms present at home You can also be a turtle yourself and walk slowly on all fours. Are you tired? Get inside to rest in your “home”.
